

The Lebanon Express.

SATURDAY, APRIL 9, 1887.

Local and General.

Mrs. Trip is getting some better. We are glad to notice this change.

\$5.00 a head is about the average price for mutton sheep in this county.

Attention is directed to the "ad" of G. W. Wheeler, saw mill and lumber for sale.

Mr. J. Saltmarsh, of Waterloo, informs us of the illness of his son with lung fever.

Mr. Jos. Nixon of the Exchange hotel will take charge of the St. Charles, on the 11th inst.

The quarterly conference of the M. E. church will be held at the Academy, Lebanon, April 16 and 17.

Dr. Henderson, of Eugene, brother-in-law of M. A. Miller has been visiting Lebanon relatives friends during the past week.

The Oregonian Ry. time-card appears in another column of this issue.

Mr. W. R. Bishop, connected with B. W. M. Co., Portland, was in Lebanon on shaking hands with old acquaintances this week.

A representative of the West Shore, has been in town this week taking some sketches for the weekly magazine. He also visited Seaside.

J. M. Rabston, cashier of the Lebanon bank, has the brick on the ground preparatory to the construction of his new cottage residence.

There is yet about fifteen feet of snow on Fish Lake. Portland, was in Lebanon from there, says the roof of the hotel at that place has caved in under the immense weight of the "beautiful".

We direct the attention of readers to the "ad" of G. E. Harby, by which it will be seen he is agent for the celebrated Rockford, Ill. watches. And dealer in all kinds of jewelry, optical goods etc.

Hon. T. G. Reames, Chief Postal Inspector for this coast, was in town Tuesday looking over the books of Postmaster Montague. Of course he found everything in a business-like shape.

Near Silverton the other day five masked robbers entered the home of farmer Frank Reed, and while two held up Reed, the remainder gutted the house, taking provisions and everything of value.

Mr. A. C. Hausman, Brownsville's efficient wagon maker, called to see us yesterday morning, on his return from Salem. His son Gus, was with him, and we are glad to know is greatly improved in health.

An agricultural paper figures "when land is worth \$20 an acre, one glass of beer at five cents would represent a piece of land nine feet wide and twelve feet long. Room enough to bury the whole family in."

It is reported that Hyman Abram has been appointed Collector of Customs at Portland, and E. J. Jeffrey, U. S. Marshal for Oregon. Benjamin Burch has been appointed Receiver of Public Money at Oregon City.

The deeds and other papers looking to the right of way for the Lebanon and Santiam water ditch or canal, have been made out, and there is every prospect of an early commencement of work on this most important enterprise.

The quarterly conference meeting of the Advent Christian church, will be held at the school house near the steam mill, commencing Friday evening May 6, and will hold over the following Sabbath. Elder Aaron Preston will preside.

Had it not been cloudy and rained this week, the chances are there would have been some clear weather. We don't profess to be a signal station; but will bet a nickel that every line in this item is true. Who's got the check to say—"Rats?"

G. W. Smith Esq., has purchased a Cyclone wind mill, which arrived here on Tuesday last, and will be put up at his residence, in a few days. The reservoir connected with it will hold 3,000 gallons of water, for irrigating and other purposes.

Charley Montague is convalescing as fast as can be expected. The case has been a difficult one, requiring skillful medical treatment. Dr. Courtney, the attending physician, is to be congratulated now, that his patient gives every evidence of speedy recovery.

An editor says that when he sees a rooster with a lame leg trying in vain to keep up with the rest of the flock in the procession, it always reminds him of a non-advertising, so-called business man endeavoring to hold his own against his neighbors who advertise.

During a short visit to Long station on the O. Ry., a few days since we found Mr. Spicer busily engaged in shipping wheat, of which he had at that time in his warehouse about 28,000 bushels. Mr. Spicer has a splendid farm, and everything gives promise of prosperity.

"Referring to the bill in the city on Wednesday," says the Albany Democrat, "a third warder made the remark that it was no worse to license a man to sell a ten cent chain for \$1.00, than to license men to sell 1 cent's worth of whiskey for 10 cents. The remark is worth digesting."

There is not a journal in the United States which can boast of a more genial wide-awake corps of editors and reporters than those who manipulate the "Fakers" on the Oregonian. A visit to the editorial rooms gives away the secret why the Oregonian is the best daily in the Northwest coast.

The West Shore for March is on our table, and is certainly a magnificent number of that excellent magazine. It gives some excellent illustrations of Walla Walla, Dayton, W. T. and a splendid illustrated description of the falls of the Santiam river at Waterloo, this county. The West Shore has only to be seen to be appreciated.

A visit to the furniture store of Mr. E. Goan, will do anyone good who desires anything in his line. He has in stock the very latest designs of every thing, and of the finest specimens of the many kinds of wood. His undertaking goods are especially fine. Mr. Goan will probably erect a planing mill during this summer.

The P. O. department has been petitioned to restore the Star Route between this city and Albany. The official who recommended the change, no doubt, is like many others who think the Lebanon is on the line of the Narrow Gauge Ry. Mr. Reams postal inspector, was of this opinion, until he got off at Lebanon Junction and walked four miles into Lebanon.

At a meeting of the Board of Trustees of the Corvallis Agricultural College held recently the resolution which authorized the deed of the farm to the

Brownsville News.

The coffee ball given by the Arlington club at Colburg, on the evening of April 1, was a financial success, quite a number of our young folks attending.

The disciples of Isaac Walton have been willing to catch trout, but unfortunately they have yet been unable to "connect" with the splendid benefits of the brook. Wait a couple of weeks, boys.

Thompson & Waters have purchased the lot adjoining their present store site upon which they will erect an additional building, to be used for the storage of heavy goods, hardware, glass, paint, crockery, etc.

Plum and cherry trees are in bloom, nuptials are budding out under the influence of the warm spring rains, wild flowers are in bloom, and there is a freshness in the air calling to mind thoughts of all that is pleasant and beautiful, especially the cherry pie, to come.

Street "Fakir" with brass check and brass jewelry, Mr. Verdant with money, "presto change," Fakir with money, verdant with brass watch, and there is just one more left. The second entertainment given by the W. C. T. U. on the evening of Saturday last, at the North Brownsville city hall, was a continuation of the success attending the previous efforts of the ladies of this society. An able lecture was delivered by Rev. Woolley of Lebanon, portraying the evils of intemperance, and most of the benefits of prohibition. Choice musical selections varied the programme, and the entertainment being of a very satisfactory and interesting character.

During the past week G. A. Dyson received from his partner, new at Lake City, a letter stating that the litigation of one of their mining claims had been satisfactorily settled, and that sale had been made, in proof of which \$1000 was enclosed, that being Mr. Dyson's portion on the first Portland, \$250; Salem, \$250; Albany, \$200; Corvallis, \$100, and another county yet to hear from.
